

GRANADA HILLS IMPROVEMENT ASSOCIATION QUARTERLY NEWSLETTER

WINTER 2022 EDITION

Message from the President

Dear Granada Hills Business Improvement District Stakeholders,

The New Year of 2022 will mark the twenty-third year since the inception of our “Old Granada Village” Business Improvement District. During this important period, fellow commercial property stakeholders in the designated BID boundary corridors joined together as they have and continue to invest in the marked Beautification and “Sense of Place” identification of our Village Commercial Business District.

The overall witnessed results have been a most successful transformation as achieved in Sidewalks, Parkways, Intersections-Street Medians and Common Area aesthetics; all contributing to the complete enhanced township appearance. This all helps to bring in new businesses and additional property owner investment.

The volunteer Granada Hills B.I. D. Board of Directors, that is comprised of fellow property stakeholders, are committed to this important achieved progress and are exploring new ideas and offered suggestions to further enhance the Village Streetscape that will attract motorists and pedestrian business patronage along with

increased property valuations.

In the near future, our hope is to once again host “In Person” public meetings and possibly in some combination with our present Zoom Forum Meeting format necessitated by the realities of the past two years.

We wish to express our appreciation to outgoing B.I.D. Board Member, Ceasar Bernales of our longstanding participant stakeholder and supporter Granada Hills Town Center, for his loyal efforts over the past four years. He will be missed.

Sincerely,

John V. Ciccarelli
